### 13 Stand up pouch with zipper Brown paper bags with oval window :

Stand up pouch with oval window in brown paper is now available in different sizes. This pouches are not suitable for oily products because it do not have sufficient barrier so the oil sometime migrates on the top surface of bag and sometime the paper looks little oily. This pouch does not have sufficient oxygen and moisture barrier. So the life of the product filled inside will be less compared with other bags. If you require more barrier and oil protection in brown paper with window, than please use our brown paper full rectangle window bags.

## 39 Juice / Cocktails / Mocktails stand up pouch with zipper and handle :

We have developed new concept to serve juices, mocktails, cocktails in stand up pouches with zipper. This concept is getting very popular now due to the bags has good convenience than cups. One can easily carry 10 to 12 pouches in hand compared with cups. Liquid cannot spill once the pouch is zipped. Transportation is very easy even though one person is carrying the pouches in car as liquid will not spill even though the pouches are kept in slipping position. Children's can easily handle the pouches with handle so no spill.
